On page 25 appears this poem

No matter how angry you are  
Sit down and love your enemy.  
Listen to his self importance.  
Hold his hand and ask him  
To consider  
Your self  
But! Remember  
He is not your  
Enemy  
But another  
Ego of the I  
That could have  
Been you.  
How about that,  
My friend?
